Staff recommends approval of this minor subdivision plat pursuant to Section 50-35A (a)(8) of the Subdivision Regulations, which states:

Up to five lots are permitted under the minor subdivision procedure in the RDT zone provided that a pre-preliminary plan is submitted and approved by either the Planning Board or Planning Board staff, in accordance with the procedures for submission and approval of a pre-preliminary plan of subdivision. In addition:

- b. Any required street dedications along the frontage of the proposed lots must be shown on the record plat;
- c. An easement must be recorded for the balance of the property noting that density and TDRs have been utilized for the new lots. Reference to this easement must be reflected on the record plat for the lots; and
- d. Lots created in the RDT Zone through the minor subdivision procedure must not exceed an average lot size of five (5) acres in size unless approved by the Planning Board in the review of a pre-preliminary plan of subdivision.
- e. Forest conservation requirements must be satisfied prior to recording the plat
