**NOTICE**  
 The planimetric, property, and topographic information shown on this map is based on copyrighted Map Products from the Montgomery County Department of Park and Planning of the Maryland-National Capital Park and Planning Commission, and may not be copied or reproduced without written permission from MNCPPC.

Property lines are compiled by adjusting the property lines to topography created from aerial photography and should not be interpreted as actual field surveys. Planimetric features were compiled from 1:14400 scale aerial photography using stereo photogrammetric methods. All planimetric and property-based features are collected at 1:2400 scale and are +/- 2.5 feet of their true location.

This map is created from a variety of data sources, and may not reflect the most current conditions in any one location and may not be completely accurate or up to date. This map may not be the same as a map of the same area plotted at an earlier time as the data are continuously updated. Use of this map, other than for general planning purposes, is not recommended.
