SUMMARY

Planning Staff will brief the Planning Board on the interagency effort underway to update the existing 2019 *Silver Spring Streetscape Standards* (the Standards). This update aligns the Standards with recommendations from the 2022 *Silver Spring Downtown and Adjacent Communities Plan* and contributes to achieving the Plan goals of creating a more accessible and sustainable pedestrian network in the downtown. Updating the Standards will also align the document with the Montgomery County Climate Action Plan.

Staff will describe the robust interagency coordination that is part of this update, and how the work supports the Silver Spring Urban District by addressing their concerns related to streetscape installation, maintenance, and budget. Staff will also review project schedule, process, and key issues to be covered in the Standards.
