RECOMMENDATION

Review and approve the draft Bicycle Parking Guidelines.

DESCRIPTION

The Bicycle Parking Guidelines are intended as a resource to help developers, planners, architects and property owners provide high-quality bicycle parking in Montgomery County. The guidelines summarize the bicycle parking requirements in Section 59 of the County Code and identify recommended practices and practices to avoid. The guidelines are divided into five sections:

- Short-Term Bicycle Parking
- Long-Term Bicycle Parking
- Wayfinding
- Security
- Bicycle Support Facilities

Staff envisions that the Bicycle Parking Guidelines will be updated approximately every two years.
