BE IT FURTHER RESOLVED, that having given full consideration to the recommendations and findings of its Staff as presented at the hearing and as set forth in the Staff Report, which the Board hereby adopts and incorporates by reference (except as modified herein), and upon consideration of the entire record, the Planning Board FINDS, with the conditions of approval, that:

1. The Application satisfies all the applicable requirements of the Forest Conservation Law, Montgomery County Code, Chapter 22A and the protection of environmentally sensitive features.

A. Forest Conservation

The Board finds that as conditioned, the Forest Conservation Plan complies with the requirements of the Forest Conservation Law, which is Chapter 22A of the Montgomery County Code.

There are approximately 2.81 acres of existing forest on the Subject Property. This Application proposes to retain all of the existing forest and specimen trees. Based on the land use category and Forest Conservation Plan Worksheet, there is a 3.51 acre forest planting requirement that will be met onsite within the stream buffer and adjacent to existing forest. This
Application does not propose any new construction; however, it does retain approximately 350 square feet of existing asphalt path within the stream buffer. The existing and planted forest, and the existing pond, wetlands, stream and stream buffer will be protected under a Category I conservation easement.

BE IT FURTHER RESOLVED, that this Resolution constitutes the written opinion of the Planning Board in this matter, and the date of this Resolution is **NOV 17 2015** (which is the date that this Resolution is mailed to all parties of record); and

BE IT FURTHER RESOLVED, that any party authorized by law to take an administrative appeal must initiate such an appeal within thirty days of the date of this Resolution, consistent with the procedural rules for the judicial review of administrative agency decisions in Circuit Court (Rule 7-203, Maryland Rules).
