Takoma Junction, Preliminary Plan 120190150 and Site Plan 820190090 – Regulatory Extension Request #2

Elza Hisel-McCoy, Chief, Area 1, elza.hisel-mccoy@montgomeryplanning.org, (301) 495-2115

Section 50.4.1.E of the Subdivision Regulations provides a 120-day limit for preliminary plan hearings. Similarly, Section 59.7.3.4.C provides a 120-day limit for site plan hearings. The Planning Board may, however, extend these periods. On June 13, 2019, the Planning Board extended the review periods for the above applications from June 13, 2019 to January 9, 2020. During this period, the Applicant worked successfully to address architectural comments from the Historic Preservation staff and Historic Preservation Commission during several Preliminary Consultations. More critically, however, the State Highway Administration still has not reviewed the Applicant’s traffic study, submitted with the original application in February 2019, pending completion of its Visioning Study for the intersections surrounding the site. Given the site’s primary frontage on a state road and the potential significant impact of those review comments, the Applicant has not been able to respond to the DRC comments provided by the other agencies in March 2019. The Applicant has therefore requested, in an application dated December 4, 2019, that the Preliminary Plan and Site Plan review periods again be extended, from January 9, 2020 to July 30, 2020, to await SHA’s DRC comments. This is the second extension request associated with the subject project.

Staff recommends APPROVAL of the extension requests.

We are requesting an extension for 7 months until 07/30/2020

Describe the nature of the extension request. Provide a separate sheet if necessary.

At the time of the initial extension request, the Applicant had understood that the State Highway Administration ("SHA") would be done with its Vision Study for Takoma Junction, focusing on the intersection of MD 195 and MD 410, this fall. SHA previously stated that it would not review the Preliminary Plan until the study was done, and it was the Applicant's hope that a fall completion of the study would allow for Planning Board review of the applications in January. SHA has still not completed the study, however, and has not provided an updated timeline for review. Therefore, the Applicant is requesting a seven month extension to allow sufficient time for completion of the study and review process by all agencies. The Applicant understand from Planning Staff that, despite this long extension, the applications will move forward as expeditiously as possible following completion of SHA's study and their review of the preliminary plan.
