Summary
Section 50.4.1.E of the Subdivision Regulations and Section 59.7.3.4.C of the Zoning Ordinance generally states that Preliminary Plan and Site Plan applications must be scheduled for a public hearing within 120-days after the date an application is accepted.

The Application was accepted on February 26, 2020, with a tentative Planning Board date of June 25, 2020.

The Applicant is requesting a regulatory extension of the Preliminary Plan and Site Plan Amendment review period for slightly over one month from June 25, 2020 to July 30, 2020. Although this is the first regulatory extension request, Planning Board action is required, because the extension request exceeds the first 30-day extension allowed by the Planning Director. This extension request is necessary to allow DPS additional time to provide comments related to the stormwater management concept and floodplain study.

Staff supports the Applicant’s request to extend the review period from June 25, 2020 to July 30, 2020.
