Subject: Written public testimony - MCPS bus depot
Date: Monday, June 1, 2020 7:45:07 AM

To whom it may concern:

As a resident of the Shady Grove Sector, I appreciate the continued commitment of the staff of Montgomery Planning to the Shady Grove Sector Plan since its conception and approval by the County Executive and Council in 2007. I also appreciate the expertise of the staff to advance it over the past fourteen years in the interests of our community and central Montgomery County overall.

Equally, I appreciate the County Executive for designating the relocation of the Montgomery County Public Schools (MCPS) Bus Depot a “top priority” for his administration and for recognizing that this plan cannot be fully realized and completed until this relocation itself is complete. In offering this testimony, I call on the County Executive to follow-through with his promised engagement on this key concern - taking decisive, collaborative, and thoughtful action this calendar year to relocate the bus depot, and committing the necessary County fiscal and human resources in FY21 to ensure this relocation along the shortest, most reasonable timeline.

Moreover, I call on our district’s primary representative to the County Council, Sidney Katz, as well as at-large Councilmembers Albornoz, Glass, Jawando, and Riemer to advocate continually, proactively, and regularly for this necessary relocation and the necessary County fiscal and human resources interests, so that the Shady Grove Sector can ultimately advance and thrive through this smart growth plan, as the sector—and central Montgomery County—deserves.

Best,
Courtney Arifin
