RE: Withdrawal of Opposition to Proposed Community Solar Farm at Fieldcrest Road and Route 108

Dear Chairman Anderson:

I am writing as President of the Stanbrook Lane Homeowners Association, which hereby withdraws its opposition to the Fieldcrest Solar Farm Project. We are satisfied with the latest plantings proposed by the project and if they are approved as proposed, we withdraw our opposition and the Petition previously filed. We do not plan on speaking at the Hearing on July 16.

Respectfully submitted,

Miller John Poppleton
President, Stanbrook Lane Association

Re: Support Fieldcrest Community Solar Parcel P707 MC

Dear Bowman Consulting and Lead Reviewer:

In this year of the 50th Earth Day, the highly educated Montgomery County is far short of 50% clean energy. Most homes are powered by coal. Do residents know this?

Turning Point Energy should partner with PEPCO to approach that 50% with community solar, beginning with Parcel 707 on the corner of Fieldcrest and Olney-Laytonsville Road (#108).

Both coal and nuclear power should be replaced in the great state of Maryland.

In or around 1988, I led the fight against a new, proposed coal power plant in Prince George's County.

Sincerely,

Mignon M. Davis

PS: Added clover mix feeds bees and butterflies.
