To Whom It May Concern,

I applaud you for including 4 dedicated pickleball courts. They are desperately needed in the county. However, I don't see anything in the proposal about bathrooms???

Thank you,
Carmen Lopez

Hello,

I live in the zip code area 20905 which is very close to Burtonsville.

I and many others in this area would welcome a park of this magnitude and with so many amenities.

Although the area has several small parks, there are no parks in the area with designated pickleball courts. Pickleballers have to travel to Rockville or Gaithersburg to access designated courts. As you know pickleball is extremely popular and is growing increasingly popular everyday.

I don't know of any large park in this area that has so many amenities and would promote such an inclusive environment so I hope this will come to fruition.

Thank you,
Cheryl Suh
