 - c. the ownership units do not violate any other provision of law or adversely affect any conditions of approval for the subdivision plan that created the underlying lot or any approval required by Subsection 7.1.E.1.a;
 - d. any necessary cross easements, covenants, or other deed restrictions necessary to implement all conditions of approval are executed before recording the ownership plat; and
 - e. the ownership units are suitable for the type of development, the use contemplated, and the available utilities and services.

2. Ownership units must be depicted on the ownership plat with metes and bounds descriptions inside the boundary of the underlying lot as shown on the record plat.
3. Private roads may not be delineated as a separate ownership unit on an ownership plat.
4. No person can record an ownership plat, or sell any property with reference to an ownership plat, until the plat has been approved by the Board and recorded in the land records.
5. The Board may apply conditions to the approval of an ownership plat.
6. An ownership unit created under this section is not:
 - a. a change to any condition of approval for the subdivision that created the lot in the original subdivision or any approval required by Subsection 7.1.E.1.a.; or
 - b. used to establish building setbacks or to establish conformance with subdivision or zoning requirements.
