ZONE

TS-R

PROPERTY SIZE

3.56 acres

APPLICANT

Glenmont MFII, LLC

ACCEPTANCE DATE

9/15/2021

REVIEW BASIS

Chapter 50

Summary:

- Section 50.4.1.E of the Subdivision Regulations states that the Director or applicant may request an extension beyond the original 120 days with Board approval.
- As a Preliminary Plan application that was originally accepted on September 15, 2021, the original 120-day review period would have expired January 13, 2022. The Applicant was granted an initial 60-day extension of the review period until March 14, 2022, on December 23, 2021. The Applicant was granted a second extension for 180 days to extend the review period through September 10, 2022. The Applicant was granted a third extension for 6 months to extend the review period through March 9, 2023. The Applicant now requests to extend the review period by 120 days to extend the review period through July 7, 2023.
- Attachment A contains a detailed statement provided by the Applicant, outlining the reasons necessitating the proposed extension and the anticipated schedule for the project moving forward.
- Staff supports the Applicant's request to extend the review period.

Re: Glenmont Metro Center Phases 1.2, 1.3, and 2.1
Preliminary Plan No. 12013008B
Site Plan Amendment No. 82015012D
Site Plan No. 820210180 ("the Applications")

Dear Chair Zyontz and Members of the Planning Board:

Our firm represents Glenmont MFII, LLC, an affiliate of Buchanan Partners, (the "Applicant") in connection with the above-referenced Preliminary and Site Plan Applications for the development of the Property located at the northeast quadrant of Glenallan Avenue and Georgia Avenue (the "Property"). On behalf of the Applicant, and pursuant to Montgomery County Code Section 50.4.1.E, we respectfully request a 120-day extension of time in which the Planning Board is required to hold a public hearing on the above-referenced Applications.¹ The Applications were initially accepted on September 15, 2021. The Planning Board has granted previous extensions of the Applications, including, most-recently a 180-day extension until March 9, 2023.

The Applicant has expended significant time working through the comments raised both at the Development Review Committee ("DRC") meeting and in subsequent meetings with Technical Staff and various reviewing agencies. Additional time was also needed throughout this process as a result of significant changes to the development team, which we beyond the Applicant's control. This resulted in the need to bring other members of the consultant team up-to-speed on these Applications and the history of this multi-phase project.

¹ Pursuant to Section 7.7.1.B.1 and 7.7.1.B.3 the Site Plan and Site Plan Amendments are grandfathered under the prior TS-R Zone and the Zoning Ordinance in effect on October 29, 2014. As such, a regulatory extension is not required for the Site Plan and Site Plan Amendment.

Most recently, the Applicant undertook a significant redesign of the Project, to address Staff's comments on a number of project elements, including the building's relationship to the central park. To address these comments, the Applicant engaged a new architect, to comprehensively re-design the building architecture. These architectural revisions had ripple effects on all site design elements, which was a major undertaking by the Applicant team. However, the Applicant is pleased to say that they have now completed these plan revisions, in close coordination with Park and Planning Staff. As an additional benefit to these recent revisions, the Applicant was able to increase the number of dwelling units for Phase 2.1, resulting in a more robust next phase of development that positively contributes to the County's goals of delivering additional new housing units in transit-oriented locations.

Because the Site Plan is grandfathered under the TS-R Zone, it does not technically require an extension (as the old Code did not have the same 120-day regulatory clock that today's Zoning Ordinance does). However, the Applicant desires for all Applications to be heard concurrently, to ensure the most efficient use of the Planning Department and Planning Board's resources. Accordingly, the Applicant is requesting a 120-day extension of the Preliminary Plan to allow for the concurrent review of the Applications. The proposed extension of 120-days will provide an extension until July 7, 2023, which allows for a Planning Board hearing no later than Thursday, July 6, 2023. Specifically, this extension will allow for the following review schedule:

- Applicant Submission of Revised Application Materials: February 24, 2023
- Staff Comments on Revised Application Materials: March 14, 2023
- Applicant's Resubmittal: March 21, 2023
- Required 65 Day Period for Staff Report: March 21, 2023 – May 25, 2023

Although under this timeline the Applicant would only need a 90 day extension, we have requested a 120 day extension in the event that an additional round of Staff comments/review is required, due to the degree of changes that were made (*i.e.* this would add approximately three weeks to the above-schedule, pushing the Planning Board hearing out to late-June). However, it is of course the Applicant's intention to work with Staff during the review period so that the full extension period will not be needed.

Attached to this letter is a signed application for the requested extension. Thank you for your consideration of this matter. We are very excited about delivering the next building in Glenmont.

Very Truly Yours,

Steven A. Robins
