I'm the next door neighbor. I haven't seen the proposal but I would say one thing I'm sure is that I do not want to change the zoning. It's a two acres zoning and it should stay that way.

I also object to any road passing by my backyard. The area should remain rustic and country like.

Please address further proposals to me as soon as possible. I'm very concerned about any changes that may make our prestige neighbor hood into a cluster of houses.

Inga And Mitchell Alland
