I am very opposed to your plan for development with higher density and elimination of existing green space around my home. This is not ok. You have been increasing traffic and I have already been a victim of that as I was hit by a car a few months ago. Please stop this madness. No no no.

Yes to more green space. More housing can be built outside the Bethesda area and not replacing parks and small homes for big buildings. Please don't.

Please acknowledge.

Thank you.

Please add that I have been a resident of Chevy chase and Bethesda since 1996 and I have witnessed absolute madness in uncontrolled vertical development. I have been close to been hit by a car crossing the street at least 100 times as the traffic has increased, but the roads are the same and the traffic lights longer so drivers speed to miss them. But one car hit me in Bethesda by Wildwood shopping mall and I have spent almost two years in PT and recovery after three surgeries. I am now afraid to cross the street where I live. Cars don't stop at the pedestrian crossing.

Please stop! It is time to look further out in MOCO to build new housing. Not in Bethesda.

Thanks.

Brenda Gonzalez-Hermosillo
