Chair Artie Harris
Montgomery County Planning Board

Dear Sir,

On behalf of the Luxmanor Citizens Association (LCA), the civic and community association that represents Luxmanor, Windermere and the Oaks, we fully support the Old Farm Creek Tributary Stream Restoration Project. Our community of almost 900 households has been advocating for this protection and restoration of our creek and its infrastructure for more than a decade. We strongly support this effort and look forward to its full completion. We thank the Planning Board and its members and staff in helping us fulfill this projection's goals.

Sincerely

Sheri Steisel Weiss

President
