REVIEW BASIS:

Chapter 50

- Section 50.4.1.E of the Subdivision Regulations states that Preliminary Plan applications must be scheduled for a public hearing within 120 days after the date of acceptance. The Planning Board may, however, extend this period.
- The Application for Preliminary Plan No. 120230090 was accepted on April 17, 2023, with an original 120-day regulatory review period expiration on August 15, 2023. A Development Review Committee (DRC) meeting was held for this Application on May 9, 2023.
- The Applicant previously received approval of their first extension from the Planning Board on July 13, 2023, extending the regulatory review period for the Preliminary Plan from August 15, 2023, to February 15, 2024. This extension request was necessary for the Applicant to address initial DRC comments.
- The Applicant subsequently requested, and the Planning Board approved, a second extension of the regulatory review period for the Application from February 15, 2024 to September 12, 2024 in order to address additional comments provided by MCDPS and MCDOT related to required storm drain improvements.
- The Applicant has requested, in an application dated July 29, 2024, a third extension of the regulatory review period for the Preliminary Plan application from September 12, 2024, to March 13, 2025 as they continue efforts to coordinate the required, offsite storm drain improvements.
- The Planning Board hearing on the application may take place before the end of the review period and will be publicly noticed in accordance with the Zoning Ordinance.
- Staff recommends APPROVAL of the third extension request.
