COUNCIL DECISION POINTS & COMMITTEE RECOMMENDATION

To introduce agenda item - no vote expected

DESCRIPTION/ISSUE

ZTA 25-03 will create a Commercial to Residential Reconstruction use, provide an expedited approval process for that use, and allow reallocation of FAR in certain Employment zones.

SUMMARY OF KEY DISCUSSION POINTS

- ZTA 25-03 will create the Commercial to Residential Reconstruction use, which will be defined as
 a building that is converted or demolished from a 50% vacant commercial building to a residential
 building. This new use will be allowed in the Commercial/Residential, Neighborhood Retail (NR),
 and Employment Office (EOF) zones.
- ZTA 25-03 will also remove the residential restriction on FAR in the NR and EOF zones, so that total commercial-residential FAR can be used for residential.
- A public hearing is tentatively scheduled for March 11, 2025.

- The maximum building height of an Independent Living iv. 81 Facility for Seniors or Persons with Disabilities is the 82 height of the applied-for building type in the underlying 83 84 zone under the standard method of development, except for the apartment building type which may be up to 60 feet. 85 If a particular building type is not allowed under the 86 standard method of development, the maximum height is 87 the height of a Conditional Use in the underlying zone. 88 89 The maximum density is determined by the Hearing Examiner under the development standards of [Section 90 3.3.2.C.2.c.vi] Section 3.3.2.C.2.c.vi through [Section 91 3.3.2.C.2.c.ix] Section 3.3.2.C.2.c.ix, without regard to 92 any other limitation in this Chapter. 93
- 94v.Height, density, coverage, and parking must be compatible95with surrounding uses and the Hearing Examiner may96modify height, density, coverage, and parking to97maximize the compatibility of buildings with the98residential character of the surrounding neighborhood.
- vi. The minimum front setback to the street for a lot abutting
 a property not included in the application is equal to the
 front setback for a detached house in the underlying zone
 under the standard method of development. Except for an
 access driveway, this front setback area must be
 maintained as green area.

MONTGOMERY COUNTY COUNCIL ROCKVILLE, MARYLAND

January 28, 2025

Colleagues:

For your consideration, we are enclosing the details of an ambitious workforce housing package which takes five steps to increase the supply of housing, drive down costs, and increase pathways to homeownership for the hard-working residents of Montgomery County.

With the high cost of housing squeezing families and holding back our economy, the **More Housing N.O.W.** (*New Options for Workers*) package helps build more homes that are affordable to teachers, firefighters, police officers, biotech and healthcare workers, and everyone in, or striving to be in, the middle class.

Homes are too expensive in Montgomery County. We all know it. Consider the following figures:

- Not only are we starting from a high level, but it's getting increasingly expensive. Housing price increases have outpaced inflation and income growth since the mid-1990s.
- Between 2023 and 2024, the average sold price across all unit types increased by 6.5%, while wages have only increased by 1.5%
- In 2024, the average sale price for a single family detached home was \$1.02 million. To afford this house, a couple would need a combined income of approximately \$340,000, far exceeding Montgomery County's area median income for a couple at \$123,800. Townhomes, which are on average smaller than detached units, sold for an average of \$583,000. A couple would need a combined income of \$197,000 to afford this house.

Working families and young professionals are feeling the squeeze. According to the <u>Comptroller of Maryland's 2024 State of the Economy Report</u>, housing affordability and availability is hurting efforts to attract new residents who could fill job vacancies, noting "prospective businesses turning down potential location plans to Maryland due to insufficient workforce housing." Similarly, a recent supply/demand analysis by the Montgomery Planning Department, we are facing a deficit of over 12,000 rental units that are affordable to incomes at 70-120% of area median income (AMI). This forces these workers to swallow exorbitant housing costs *or* compete with residents at lower income bands for less expensive options. Both are bad outcomes.

The status quo is unsustainable and makes our County less attractive to families, workers, entrepreneurs, and businesses.

To address this crisis, we must act boldly. Now.

The More Housing N.O.W. package takes five bold steps to increase housing supply, reduce costs, and expand pathways to homeownership for hardworking Montgomery County residents:

Building More Workforce Housing

- 1. **Workforce Housing ZTA**: Allow more residential building types along corridors with a workforce housing requirement
 - Allow more residential building types through optional method development along corridors with a 15% workforce housing requirement in the R-200, R-90, R-60, and R-40 zones.
 - b. Corridors included are Boulevards, Downtown Boulevards, Downtown Streets, Controlled Major Highways, and Town Center Boulevards that have a master planned width greater than 100 feet and 3+ existing travel lanes
 - c. Density capped at 1.25 FAR
 - d. Maximum height is 40 feet
 - e. Require 15% of units satisfy the definition of workforce housing, with a minimum of 1 workforce housing unit for structures that have 3 or more units
 - f. Maintain existing workforce housing definition of 120% AMI, which is currently approximately \$148,000 for 2 persons or \$185,000 for a family of four
- 2. Workforce Housing Opportunity Fund: New countywide fund to incentivize the construction of workforce units
 - a. \$4 million in initial funding

- b. Eligible projects must provide at least 30% workforce units
- c. Workforce units must be affordable to 80% AMI (area median income), on average

Converting Highly Vacant Office to Housing

- 3. **Office to Housing ZTA:** Create an expedited approval process for projects that convert high-vacancy commercial properties to residential use
 - a. Applies to the Commercial-Residential, NR, and EOF zones
 - b. Retail or office building that is at least 50% vacant
 - c. Remove residential restriction on FAR, so that total commercial-residential FAR can be used for residential
 - d. In red policy areas, must be for the apartment-building type; may include townhomes outside of the red policy area
 - e. Must pull a building permit within 2 years of approval
- 4. **Office to Housing PILOT Bill:** Establish a payment in lieu of taxes (PILOT) for conversion of high-vacancy commercial properties to residential use
 - a. Retail or office building that is at least 50% vacant
 - b. 100% tax abatement for 25 years for qualifying projects
 - c. Minimum 15% MPDU requirement

Pathways to Homeownership

- 5. **Budget:** Double the County's investment in the Homeowner Assistance Program from \$4 million to \$8 million in the FY26 Housing Initiative Fund (HIF)
 - a. Funds may be used in partnership with the State's Maryland Mortgage Program (which allows the household to receive both down payment assistance and lower rate mortgage) and through the Housing Opportunities Commission's Montgomery County Homeownership Assistance Fund (McHAF).
 - b. Up to \$25,000 may be granted to a first-time buyer thus providing support for up to 160 qualified applicants. Up to \$1.0 million is reserved for County and MCPS employees under the Montgomery Employee Down Payment Assistance Loan (MEDPAL)

Many thanks to Council President Kate Stewart, Councilmembers Dawn Luedtke, Marilyn Balcombe, and Laurie-Anne Sayles who have already signed on as co-sponsors as well as the many community advocates and housing experts for their strong support of this package which we will be unveiling today at noon. We would welcome additional cosponsors prior to introduction of the legislative aspects of the package, scheduled for February 4.

We have appended the zoning text amendments, legislation, and some supporting materials to assist your review of the proposal. We appreciate your thoughtful consideration of this package and hope to earn your support for it in the coming weeks and months.

Our housing crisis is a serious and urgent matter. There is no time to wait.

Sincerely,

for potali Fami

- 2803.The applicant must submit an initial application to the Planning281Director for approval of completeness. The Planning Director must282review the application for completeness within 3 business days after283receipt. An application is incomplete if any required element is284missing or is facially defective, e.g., a drawing that is not to scale or285lacks proper signatures. The assessment of completeness must not286address the merits of the application.
- 2874.The applicant must submit any required revisions to the Planning288Director. The Planning Director must review the revised application289for completeness within 2 business days after receipt.
- 2905.Once the Planning Director verifies that the application is complete,291the applicant must file the final application with the Planning292Director, who will accept the application and establish a hearing date293under Section 7.3.5.C.
- 294 <u>6.</u> <u>Public notice is required under Division 7.5.</u>
- 295 <u>C.</u> <u>Hearing Date</u>

The Planning Board must schedule a public hearing to begin 60 to 65 days after the date an application is accepted. If the next regularly scheduled hearing date would fall after the 60- or 65-day period due to a holiday or recess, then the next regularly scheduled hearing date should be used. The applicant may request an extension with Planning Director approval. Any extension of the public hearing must be noticed on the hearing agenda with the new public hearing date indicated.

- 3612.Any party aggrieved by a decision of the Planning Board may file a362petition for judicial review of the decision within 30 days after the363Planning Board's action.
- 3643.Within 30 days of submission, the final expedited approval plans must365be certified by the Planning Director to confirm that the drawings366reflect the Planning Board's approval. If the certified plans do not367address or comply with the Planning Board's approval, the plans will368be rejected with comments for the applicant to address. If no action is369taken by the Planning Director within 30 days, the plan is deemed370approved and certified.
- 371 <u>G.</u> <u>Conforming Permits</u>

For any development requiring an expedited approval plan, DPS must not issue a
sediment control permit, building permit, or use-and-occupancy permit for any
building, structure, or improvement unless the Planning Board has approved an
expedited approval plan and a bond has been approved under Section 7.3.5.K.4.

- 376 H. Duration of Approval
- 3771.An expedited approval plan expires unless a certified expedited378approval plan is approved by the Planning Director within 24 months379after the date the resolution is mailed.
- 3802.An expedited approval plan does not become effective until a record381plat, if required, is recorded that satisfies any approved subdivision382plan for the subject property. If no record plat is required, then the383expedited approval plan becomes effective upon certification under384Section 7.3.5.F.3.
- 385 <u>3.</u> Development activities under Section 7.3.5 must satisfy the certified
 386 expedited approval plan and any conditions of approval.

- 3874.If the Planning Board approves an expedited approval plan, the
applicant must have a building permit application, accepted by DPS,
that includes the core and shell of the principal building within two
years of the date of the Planning Board's resolution. Within two years
after DPS accepts the building permit application that includes the
core and shell of the principal building, the applicant must obtain that
building permit.393
- 3945.The deadlines under Section 7.3.5.H may be extended with approval395of the Planning Board by up to 18 months.
- 3966.If an applicant fails to comply with any of the deadlines within this397section, the expedited approval plan approval shall be revoked. The398applicant may request reinstatement of a revoked approval within 30399days of revocation. After holding a hearing on the reinstatement, the400Planning Board may reinstate the approval and extend the deadline for401good cause shown.
